According to the Stock Exchange of Thailand by Thailand Securities Depository Co., Ltd. as the registrar Securities has developed a system for companies listed on the Stock Exchange of Thailand to submit meeting documents to Shareholders and annual reports in electronic format via QR Code for shareholders to view information conveniently and quickly.

Shareholders can download information via QR Code by following the steps below.

For iOS

1. Open the camera from the mobile phone.
2. Scan (point the camera from your mobile phone) the QR Code.
3. The screen will have a link to press to view the information supporting the meeting

Remark: If there is no link on mobile phone, Shareholders can scan QR Code from the other applications such as QR CODE READER, Facebook and Line, etc.

For Android

1. Open the application QR CODE READER, Facebook or Line

Procedure for scanning QR Code via Line

Go into Line and select add friend → select QR Code Code → scan QR Code

2. Scan the QR Code to view the meeting documents
